

Himanshu Jasuja

3M Company

Himanshu joined the 3M company in Aug 2014 after receiving his PhD in Chemical Engineering from the Walton Research Group at the Georgia Institute of Technology. He did his B.Tech. (Chemical Engineering) from the Indian Institute of Technology (IIT) Madras, Chennai, India. During his PhD, he worked at the interface of Chemistry, Chemical Engineering, and Materials Science, with specialization in adsorbent synthesis and characterization for applications such as gas separation/storage and air purification. Himanshu's current R&D emphasis is to support 3M's Air Quality Innovation (AQI) platform development, exploring new technologies that can deliver new products.
