

Mark Willingham

Filtrate Solutions

Mark Willingham is President of Filtrate Solutions, LLC, a consultant and sales representative firm in North Carolina. He is former Vice President of Sales for Purolator Advanced Filtration, a Clarcor company.

He has 30 years of experience in sales of porous metal filter products for applications in the oil & gas, chemical processing, nuclear power generation, polymer, and general industrial markets.

Mr. Willingham began his career in filtration in 1981 as part of a family owned professional filter cleaning service company, ending his tenure there as Vice President of Business Development when the family sold the business to others within the company. He then began a career with Purolator Advanced Filtration for 20+ years.

Active in the AFS since 1988, and was previously chairman of the Dixie Chapter. Mr. Willingham has presented numerous technical papers on porous metal filters at various AFS meetings. He is past Chairman of the AFS, current AFS board of director, and a member of the AFS Corporate Sponsor Committee.
